

STATE BATTLE LEFT REPUBLICANS WITH A DEFICIT OF \$16,000

Chairman Tanner Will Name
Finance Committee to Raise
Needed Cash.

The Republican State Committee in a two-hour executive session yesterday discussed several matters of importance to the party organization and learned, incidentally, that the State Committee has a deficit of about \$16,000. It had a surplus in bank before the recent campaign.

Resolutions empowering Chairman Tanner to appoint a committee of nine on finance were adopted without much opposition. The State Committee has never had a Finance Committee, except in campaign times. The Chairman was empowered also to appoint a Law Committee of nine members.

With a view to making the State Committee a financially sound organization, resolutions were passed providing for 5,000 sustaining members, every one subscribing \$10 annually. This means an income of \$50,000 wherewith to meet expenses.

Much time was spent in discussing the rules to be adopted for the holding of special elections. The Election Law provides that in special elections the candidates shall be chosen under the rules of the party organization. Through the death of Sen. E. Payne and Edwin A. Merritt, there are two Congressional vacancies in the State, but no means has been provided for selecting the party candidates for the places.

One suggestion was that the candidate be chosen by the district committee or organization. Another plan, favored by the State Committeemen from the districts affected in this instance, provided for the selection of the candidates at district primaries. It was decided that the State Committee might well leave the whole question to the district committees.

It is probable there will be no special election in either case. The Representatives chosen at such elections would not take their seats until a year hence, unless a special session of Congress should be called in the spring. Such being the case it is likely the election will go over until next fall. Charles H. Betts of Wayne County has the endorsement of his organization for Mr. Payne's place. John F. O'Brien of Clinton County is a candidate for the Merritt vacancy.

WORLD MAN WINS A PRIZE.

G. S. Williamson, supervisor of The World's mechanical departments, was awarded a grand prize at the Exposition of Safety and Sanitation yesterday for his invention of a safety device for building elevators.

Mr. Williamson's invention is an automatic self locking clutch that prevents passenger elevators from dropping by accident. The judges, after several tests, gave the inventor the highest award in his class.

Mr. Williamson has been connected with The World for years and has improved and invented many devices used in the making of a newspaper. The exhibition at the Grand Central Palace closes Saturday night.

SENTENCE AS FLIRT UPHELD.

Dr. White Justly Convicted, Court Holds—Five Days Off.

A decision filed in the Court of General Sessions by Judge Mulqueen yesterday upheld the conviction of Dr. Ernest C. White, who was sent to the

Workhouse for ten days on Oct. 19 by Magistrate Breen for trying to flirt with Mrs. George Howe, wife of the professor of Latin in the University of North Carolina.

The decision, however, modified White's sentence so that he will not have to return to the Workhouse to serve the five days which were still unserved when he was released in \$500 bail by Judge Rosalesky.
